Installers Know and Trust Fastening Products from Thomas & Betts Wire bundling is an integral part of modern electrical and electronic installations.

Cable Fastening Systems - Farnell element14

C. Cable – A cable is a set of wires, usually encased in an outer protective jacket. A “cord” would be a cable by this definition so far, but a cable is part of a permanent installation; a cord is more flexible and often has a plug end for a portable appliance or lamp.
